

GERMAN NEWS SERVICE

german-news-service.com

Quality content, made in Germany

The German News Service is a free newswire from Deutsche Welle (DW) and the German Press Agency (dpa) with the latest reports from Germany on topics like politics, culture, business, science and sports.

The following two products are available in English, German, French, Spanish, Russian, Arabic, Serbian (DW content also in Croatian and Bosnian):

DW

Integrate articles, images and videos in your website with a content box or video player. The content is ready to use and updated automatically.

dpa

Publish free news reports with images on your website or social media. The content can be edited to fit your needs.

Interested?

Scan the QR code and fill in the form to gain access to the dpa reports. Write to gns@dw.com if you want to start integrating DW content.
